**Meet AIA . . .**

Andrew Insurance Associates (AIA) is a full-service, independent insurance agency with more than 35 years in business.

Our experienced school team understands the day-to-day issues that all districts face. We help you anticipate these issues and provide coverage for them by customizing an insurance plan for your district. This includes Employee Benefits and Property & Liability.

Whether reviewing the ever-changing healthcare market, keeping abreast of trends or ensuring compliance with bus-safety regulations, we provide peace of mind.

**Property & Casualty**

- Review and make recommendations on insurance programs and procedural guidelines
- Manage your Request For Proposal process. Provide our access to multiple insurance carriers to provide options for creating a competitive bid for any district
- Identify and reduce risks through Safety Management Assessments and train personnel with
- Develop a Safety and Security Plan with community involvement
- Evaluate claims in depth to identify trends and needs training
- Introduce districts to new products and services that meet their needs
- Consult on developing policies and procedures, investigations and reports
- Help identify, analyze, and mitigate safety and operational factors that can increase potential losses
